RELATIONSHIP BETWEEN THE ASSOCIATION AND THE FOUNDATION

The Destinations International association and foundation are two legally distinct organizations which complement each other. The association, the larger of the two, holds the collective history of our industry and focuses on the daily needs of our destination organization and business members in today’s world. Whether facilitating the community of our members, advocating for our place in the ecosystems of our communities, researching the issues before us or developing professional development for our workforce, the association concentrates on today and the matters at hand.

The foundation focuses on tomorrow. It innovates new ideas and ways of doing things and incubates new tools and resources to improve the efforts of our members. It launches and manages future-facing programs and initiatives, develops next-generation professional development and tools, and fosters short- and long-term cooperative relationships around the globe on behalf of the association. It is our industry’s think tank and research and development arm. It is an investment in the further professionalism of our industry and increasing the impact of our efforts.

The foundation’s efforts are guided by and support the strategic goals of the association. In exchange, the association’s staff manages the foundation and supports its fundraising efforts.
HISTORICALLY BLACK COLLEGES & UNIVERSITIES (HBCU) SCHOLARSHIP PROGRAM – Tied to our EDI and workforce development efforts, we recognize that underrepresented students have many barriers to enrolling, attending, and graduating from college. Student loans pose as another obstacle to gaining financial security after graduation. DI Foundation HBCU and Hospitality Scholarship was created to provide monetary, educational, and professional development support to underrepresented and ethnically diverse students who are seeking a degree in hospitality management or tourism management.

30 UNDER 30 PROGRAM
This year-round professional development leadership program is funded by the DI Foundation.

EQUITY, DIVERSITY AND INCLUSION (EDI)
The DI Foundation has continued to support the development and establishment of our Equity, Diversity and Inclusion department along with the creation of related research, tools and professional development.

THE FOUNDATION CHALLENGE
Annually we bring together 60 industry innovators to discuss strategic issues and the role of destination organizations in addressing these issues. Resources are then developed to support our member organizations.
PARTNERS

A very important part of our community includes our strategic partners. It is imperative to know who can provide the resources, thought leadership, products and services that can support destination organization efforts, and our partners represent the best in the business.

**PINNACLE PARTNERS**

“*I would tell a company considering partnership that there’s no better investment they could make, and to lean in as hard as they can and participate in every opportunity to get exposure through that channel.*”

— RYAN GEORGE
CEO, Simpleview
“Destinations International has provided a critical link to our industry on so many levels. For starters, we’re able to offer solutions to challenges faced by destinations and this has spurred our industry to evolve.
